**UNCAC Coalition Membership: Observatório de Economia e Gestão de Fraude (OBEGEF)**

Dear Rute Serra,

Welcome to the UNCAC Coalition! We are delighted to inform you that the UNCAC Coalition's Coordination Committee (CCC) – our board – has approved your organisation's application to become an Ordinary National Member of the UNCAC Coalition.

The UNCAC Coalition is a global network of civil society organisations committed to advancing the monitoring and implementation of the UN Convention against Corruption (UNCAC) – the only legally binding universal anti-corruption instrument. Originally established in 2006, the Coalition registered as an association in Austria in 2015 and opened its office in Vienna in 2019. The team of the Vienna Hub office engages the UN, government missions as well as civil society partners to share concerns on the UNCAC implementation, advocate for progress and promote best-practice approaches we learn about from our members. At the same time, we work to keep our members informed about developments, discussions and opportunities to engage in UNCAC fora. Our team also provides technical and advocacy support to civil society organisations around the world that use the UNCAC to advance their mission.

The Coalition's work is overseen and guided by the CCC, comprised of representatives of member organisations from different regions and membership groups. More information about the Coalition's governance and its Charter can be found [here](#).

As an ordinary member organisation, you will now be added to the Coalition's global email discussion list where we exchange updates about UNCAC developments, relevant meetings and other useful information. You will also receive an invitation to our annual virtual membership assembly.

We are very interested in hearing more about the UNCAC-related activities of your organisation and are happy to publish more information about your work on our website and social media channels. We are very much looking forward to working with you to jointly advance anti-corruption efforts through the UNCAC.

Lastly, you are currently listed as the contact person for your organisation in our documents. If this changes at any point, please let us know. In case you have any questions or would like to discuss ways to become more involved, do not hesitate to get in touch.

Thank you very much and welcome to the Coalition!

Best wishes,

Mathias Huter
